

Guide to using Accelerated Reader at home:

<https://ukhosted113.renlearn.co.uk/6936019/> - This is the website address (URL) - This is the only way the students can access their profile - Searching through Google will not work. Save that to your "Bookmarks" for future reference.

Each student should know their username and password (having used it in school). For security, I have changed settings so that, upon login, **each student will have to change their password the next time they log in.** This will prevent anyone else using their account. Please email drumcongmmk@gmail.com for forgotten usernames/passwords.

Quizzes are open! You can check arbookfind.co.uk (link below also) to see book levels, check if books have quizzes, or even to look for book suggestions using your reading level, age and interests.

If the books you have at home aren't suitable, good news! readon.myon.co.uk has thousands of online books to read. (Check info on the book before you read to see if there's a quiz on it!). It's completely free. Parents- there's a guide below on how it works.

Any questions, please email drumcongmmk@gmail.com and I will be happy to help. AcceleratedReader is an excellent resource so it would be great to continue to access it from home.

Accelerated Reader
