

Schools, parents and pupils face new challenges from learning remotely. To support each group Zeeko has provided the **FREE** resources below which you are free to share/forward. The worksheet/drawing competition compliments the Zeeko parent/ guardians webinar by reinforcing the key messages from the webinar. The content aligns with the SPHE curriculum.

WORKSHEET/DRAWING COMPETITION

Here is a worksheet for primary school children to learn how to use the internet safely through co-use and discussion. Also, children are encouraged to connect with their loved ones during isolation to practice the key learning points.

WEBINAR

Manage your Child's Digital Footprint

Today children create a digital identity without any oversight. This FREE 45 minute webinar will help parents/guardians of primary school children understand how to actively manage their family's digital footprint.

Date: Wednesday the 22nd of April at 20:00
