

St Brigid's School, Drumcong, Code of Behaviour

Parents are aware of the importance of the code of behaviour to the successful operation of the school. The school aims to provide a happy learning/teaching environment where each child's self esteem, spiritual, moral, academic, social and physical well being is nurtured and the code is designed to reflect this. Parental understanding and support is critical for the successful implementation of the code.

The existing code has been in operation since 1st September 2010 and was formulated by the staff of the school with the assistance of the Board of Management, parents and students. The code has now been reviewed and a copy of the revised code is attached for your attention.

Please confirm that the code is acceptable to you and that all reasonable efforts will be made to comply with it by your child/children by signing below.

I acknowledge receipt of revised Code of Behaviour. I/we confirm that the code is acceptable and that all reasonable efforts will be made to ensure compliance with the code by my child/children.
